Happy 4th Anniversary Forbidden Garden!

I would like to take a quick moment to thank all of the staff (past and present) for all of your hard work and devotion. Without you this group wouldn't be possible. I know I get a little crazy sometimes, but isn't that why you love me? No? Damn.

And thank you to our joint partners, it's a pleasure to work with each of you.

And lastly thank you to all of our supporters/fans/**gardeners**, your kind words (as well as our crazy love for manga) is what pushes us to do what we do.

Thank you everyone for a lovely 4 years!

Thank you for all the help I got during my serialisation~ There was a time I was doing this series while drawing Kasu Pani (Note: Love Panic, an ongoing series by Yagami Chitose) at the same time, so I regret that I was unable to draw a few extra chapters. The character that I enjoyed drawing the most was Rurupon, the one I always tried very hard to draw was Riku, and my favorite character was Meru-chan. Since it's already the last chapter I don't think I'll be able to draw any more "Carakiss" but if I ever have the chance I would like for some to appear in other series as guest characters~ Well then.

Thank you for staying with me all the way to the end!
